Nifty index closed at 15869.25 up 57.40 or 0.36 per cent. Sensex and Nifty ended at record closing highs on Tuesday. The start of the day was on positive note, amid report that India reported the lowest daily spike in infections since 31 March with 62,597 new cases in the last 24 hours. With this, the country's total coronavirus caseload has reached 29,570,035. Some support also came in with report that after making a late entry, the south-west monsoon has progressed steadily and, in the first fortnight, covered almost two-thirds of the country, which is almost 15 days ahead of schedule. Market participants largely overlooked the government report that India's retail inflation shot up to six-month high of 6.3 per cent in May, after easing to a three-month low of 4.23 per cent in April. Inflation, based on Consumer Price Index (CPI), has breached the Reserve Bank of India's (RBI) target range for the first time after five months.
